

How People Learn Module 5: Domains and Their Interconnections **Initial View**

Earth's Orbit:

This diagram represents the Sun and the Earth as flat circles. Earth is shown on a concentric circle representing its path around the Sun. The Earth is towards the right-hand side of the image. The Sun is depicted inside of this concentric circle. The sun is slightly to the right of the center of the circle, close to Earth. One half of the Earth is facing the sun and tinted orange, while the other half is dark.
